

DOES YOUR DENTIST MAKE YOU SMILE?

Ever since my family started seeing my new dentist, I can't stop smiling. He's an FAGD, a Fellow of the Academy of General Dentistry, and that means he's dedicated to staying up-to-date on the latest techniques and best practices in dentistry.

For more information visit: KnowMyDentist.org

**ONLY
6%**

of dentists have earned their AGD Fellowship.*

**I BECAME AN
AGD
FELLOW**

because my commitment to continuing education goes far beyond my educational and licensing requirements.

**I HAVE
DEDICATED
MYSELF**

to learning, growing and staying current in my field so that I can provide the best oral care to all my patients and their families.

Leaders Among the Dental Community

For more than 65 years, the Academy of General Dentistry has been a leading organization of general dentists. Now 40,000 members strong, the dedication of AGD members is good news for patients.
